<https://ryan.darkbytecreations.com/>

As a deeply motivated and creatively inclined professional, I bring to the table an extensive aptitude for consistently meeting deadlines, an exceptional ability to thrive under pressure—whether working autonomously or collaboratively within a team—and a proven track record of effective communication. My approach is characterized by a self-starting attitude and a comprehensive skill set that allows for seamless navigation through complex challenges, ensuring that objectives are not just met, but exceeded. Focused Software Developer with experience across scripting, testing and platform design. Integrates practical full-stack engineering knowledge for enhanced digital experiences. Adapts well to projects of varied scopes and sizes for reliable end-to-end development.

WORK HISTORY

- | | |
|---|-------------------|
| Web/software Developer | 06/2022 - Current |
| Darkbyte Creations - Barnsley, South Yorkshire | |
| <ul style="list-style-type: none">• Crafted new, highly efficient, and rigorously tested codebase for Flutter and vue.js applications, ensuring top-notch performance and reliability.• Worked closely with other team members to identify and remove software bugs.• Wrote and developed new and well-tested code for different software projects.• Provided weekly detailed project reports to keep manager informed on milestones and updates.• Amended existing software to upgrade interfaces and elevate performance.• Managing finances.• Managing appointments.• Reacted to technical support requests quickly, resolving issues within target timeframes. | |
