# RYAN JUHASZ

23 Ollerton Road, Barnsley, South Yorkshire, S71 3DR

07395114760

ryanjohnsonjuhasz@gmail.com

As a deeply motivated and creatively inclined professional, I bring to the table an extensive aptitude for consistently meeting deadlines, an exceptional ability to thrive under pressure—whether working autonomously or collaboratively within a team—and a proven track record of effective communication. My approach is characterized by a self-starting attitude and a comprehensive skill set that allows for seamless navigation through complex challenges, ensuring that objectives are not just met, but exceeded.

Focused Software Developer with experience across scripting, testing and platform design. Integrates practical full-stack engineering knowledge for enhanced digital experiences. Adapts well to projects of varied scopes and sizes for reliable end-to-end development.

INTERESTS

Avid blogger and social media user. I am a music enthusiast and play guitar, drums and sing. In my

COURSES AND KNOWLEDGE

spare time mostly I like to develop applications using Android Studio, VS Code and IntelliJ to become more efficient with the software development environments. Whilst studying other programing languages on Udemy and other sources, I like to explore blogs and open source coding projects to try and broaden my horizon, and contribute any knowledge I may have in help sections of coding groups.
